Product Benefits

1. **Excellent Craftsmanship:** Using advanced micro-replication production technology with countless pyramid-shaped micro mirror particles to form the core reflective unit.
2. **High Adhesive Performance:** High quality adhesive ensures durability and can be reused.
3. **Resistance to Water, Sun and Corrosion:** The reflective sheet can withstand extreme weather and resistant to moisture, sunlight and corrosion.

Specifications

Material: High Quality Polyethylene Terephthalate

Measurement:
1.22mm x 45.7mm

Operating Temperature: 5-30 degree
Lifespan: 5 years

Feature:
1. High-quality reflective performance
2. Resistant to water and sunlight
3. Scratch and abrasion resistance
4. Easy to apply and resistant to tear
5. Good craftsmanship with various colour options
