

## **PRODUCT INFORMATION**

### **SB - AW Coldmix**

SB-AW Coldmix is one of the basic asphalt types and is commonly used for repairs or small-scale patches. It doesn't require heating and bags of asphalt can be poured directly on potholes or cracks to prevent the damage from spreading. Process of cold mix is manufactured without heating the aggregate and the binder.

## Specifications

### Feature:

1. Eco-friendly product
2. Strong adhesive material
3. Fast assembly and save time
4. Trusted product for reliable repair

### Type:
