

## **PRODUCT INFORMATION**

### **SB-AW Corner Guard**

SB-AW Corner Guard provides the most protection in storage spaces, parking garages and loading docks. It is made from high impact PVC with highly visible design in yellow and black. It is wide variety of uses in industrial and commercial applications to withstand abrasion and jolts.

They are designed to protect the edges of columns in structures. Corner guards relieves the tension of chipped & broken corners of pillars / columns. They are mounted onto the edges of, preferably all the 4 edges of square columns of basement parking as well as the edges of the walls in industrial premises. They are suitable for medium & heavy traffic areas & also moving trolleys. They are a perfect solution for chipped edges in car parks,
