

PRODUCT INFORMATION

SB-AW OEM Reflective Sheeting

OEM 5100 Engineer Grade Reflective Sheeting is made of high-quality polyethylene terephthalate. OEM 5100 Engineer Grade Reflective Sheeting Series is an enclosed lens, pressure sensitive adhesive-coated sheeting with an easy release liner, intended for production of non-critical traffic signs and pressure sensitive stickers.

Product Benefits

1. **5100 Engineer Grade Reflective Sheeting:** Strong reflective film made of high refractive glass beads making it strong reflective, adhesive and resistant to tear. Easy to engrave, can be screen printed.
2. **5100 Reflective Film:** Strong reflective effective with extra vibrant performance at night.
3. **Customizable with 6 Colours:** Made from advanced pressure equipment and ink coupled with screen printing technology for various patterns and colours.

Specifications

Material: High Quality Polyethylene Terephthalate

Measurement: 1.06m x 40m, 1.2m x 50m

Weight: 25kg

Lifespan: 5 years

Feature:

4. Strong adhesive and durable
5. Resistant to water and sunlight
6. Scratch and abrasion resistance
7. Variety of dimension available
8. Good safety warning
